\$4.95 to \$40.00 each.

The Land of Toys

THE Toy Store was never so well prepared as this season. It is a real toy carnival, showing everything new that the toy shops could contrive. There are toys from everywhere, of all sorts, large and small, too numerous in number to mention—toys that will afford many happy moments for the little ones; some are just real playthings, made only for fun and jolly good times, but there are others known as toys that "teach."

For instance, here are Tool Chests, Building Blocks, Typewriters, Printing Presses, Grocery Stores, and many others; all toys, but interesting and instructive ones.

Come and see this big, bright sparkling Christmas Land—a land of fun and joy for the little folks—prepared especially for them.

Our "Special" German Dollar Doll

Cannot be surpassed, and we doubt very much if it can be equalled at the price. It is imported by us, and is 22 inches tall, with hand-sewed wig, blonde or brunette; exposed pearl-like teeth, shoes and stockings, and a very pretty, life-like face. An exceptional value at \$1.00.

Doll Hospital

A thoroughly equipped Doll Hospital, where all the dollies' wounds can be mended in a first-class manner. Charges very reasonable.

Dolls' Outfittings

Complete Wardrobes, containing all the necessary clothes for the doll; also separate pieces—hats, caps, shoes, stockings, jewelry, etc.; and all are made in just such styles as real children are wearing.

Special Demonstration of Toys

Tomorrow we will demonstrate the following very interesting and instructive toys:

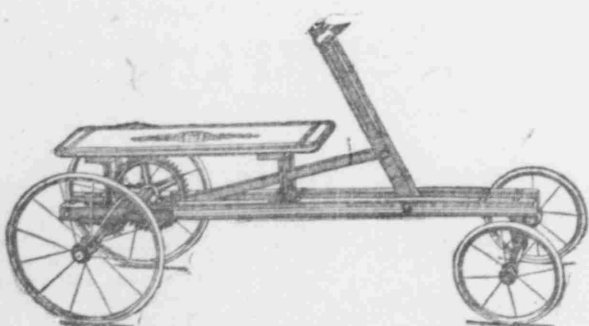

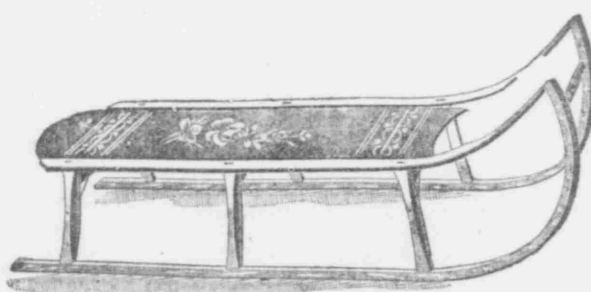

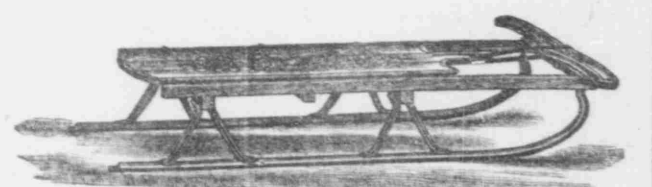

Simplex Typewriters, Harbutt's Plasticine Builder, Rotary Printing Press, Ball-bearing and Wizard Tops, Friction Toys, and Mr. Jigger.

The tops are novelties—shown this season for the first time.

All articles purchased now will be stored, free of charge, and delivered when wanted, up to and including Christmas eve.
